WEBSITE MAINTENANCE

Designscape offers three different site maintenance options based on each client's needs.

Option 1

Maintenance can be charged on a per hour basis:

Graphics & website layout updates	\$ 65.00 per hour
Website text only additions/edits	\$ 45.00 per hour

Option 2

Designscape can set up a monthly maintenance contract based on forecasted changes. In this case, the hourly rates are discounted depending on number of hours per month that are contracted and duration of contract signed (six months vs. one year).

Option 3

Users have an intuitive WYSIWYG (What You See Is What You Get) editorial interface that makes adding and updating content as easy as using a word processor. Designed to give organizations of all sizes a scalable solution for managing online information.
